18 needing non-medical in home care.

## About Us

*We link our In-home healthcare professionals committed to empathetic non medical care to those in need of care within the confines and safety of their own homes.*

### Our Team:

AmeriCare Staffing and its services are in compliance with the State and Federal regulations. Each Direct Care Worker has been trained and screened for health problems, criminal activity and child abuse.

AmeriCare Staffing is a Home Healthcare Agency that is dedicated to quality, cost effective non-medical in home care. We take an active role in the community through sponsoring events, giving presentations, and educating families on how to gain more independence and improve the quality of their lives.

We believe that non-medical care is a progressive alternative to institutionalization. Our team is experienced and responsive to patient needs 24 hours a day.
